PAGE 1 OF 2

### SUMMARY

Marketing leader with extensive experience inside B2B SaaS and technology companies, spanning demand generation, marketing automation, brand strategy, and revenue-focused campaign execution. Proven ability to rebuild and modernize marketing operations, partner with sales to accelerate pipeline, and drive measurable outcomes across digital, email, and event channels. Combines strategic cross-functional leadership with hands-on creative range and fluent, applied AI-enabled production.

- Lifted leads ~30% through a large-scale demand generation campaign; managed full campaign operations and new-domain deliverability.
- Rebuilt dormant marketing operations from near-zero, driving ~25% growth in leads and site traffic within one year through integrated content, email, and web programs.
- Led brand, creative, and go-to-market execution for 40+ events and industry conferences.
- Pioneered a fintech company's first web presence and digital content function, establishing its earliest model of digital-first product marketing.

### AREAS OF EXPERTISE

Demand Generation • Marketing Automation • Marketing Operations • Multi-Channel Campaign Strategy • Customer Journey Optimization • Brand Strategy • AI-Enabled Marketing • Lead Nurturing & Lifecycle Marketing • Go-to-Market Strategy • Pipeline Acceleration • Cross-Functional Leadership • Conversion Optimization • B2B & B2C Marketing

### CORE SKILLS & TOOLS

- **Campaign Platforms:** Klaviyo, Pardot, HubSpot, Mailchimp
- **Creative & Design:** Figma, Photoshop, InDesign, Illustrator, Premiere
- **Marketing & Production:** Email Marketing, Marketing Automation, Trade Show & Events, Landing Page Design, HTML Email, Brand Development, Social Media, Campaign Analytics, Customer Acquisition
- **AI & Workflow:** Claude, ChatGPT: applied to content creation, campaign ideation, landing page generation, prompt engineering, workflow automation, and production acceleration

### AI & MARKETING TECHNOLOGY

Actively integrates AI as a core production capability: using ChatGPT and Claude for AI-assisted content creation (thought leadership, case studies, email copy), design ideation, and developer-ready landing page generation, significantly reducing design-to-handoff cycles. Applies prompt engineering to accelerate solo production, achieving output that would typically require a larger team, and deploys AI-generated content into HubSpot and Mailchimp email campaigns and LinkedIn posts, accelerating content production across campaign and social channels.

### PROFESSIONAL EXPERIENCE

#### Senior Marketing Officer / Brand & Creative Lead

2025 - 2026

*Ebix, Inc.*

An insurance technology provider specializing in risk management and compliance software, including certificate-of-insurance tracking and enterprise risk solutions.

- Rebuilt dormant marketing operations for the Risk and RCS divisions during a major restructuring: reestablishing demand generation, campaigns, content strategy, and brand systems from near-zero.
- Partnered with sales on 10 thought leadership pieces and 6 customer case studies with supporting email and LinkedIn campaigns, expanding the divisional website and increasing leads and site traffic by approximately 25% from a near-zero baseline.
- Led go-to-market execution for Riskworld, the division's largest annual conference, expanding beyond traditional booth design and on-site collateral to add LinkedIn pre-show campaigns, a direct mail program, and a dedicated event landing page, driving pre-show demo bookings and booth traffic.
- Served as creative lead for a new Ebix product launch, leading the website redesign in Figma, building campaign landing pages, and producing the launch infographic, collateral, HTML emails, and LinkedIn graphics.
- Integrated AI tools into creative and content workflows, using ChatGPT and Claude to accelerate case studies, thought leadership, email content, and developer-ready landing page builds.

PROFESSIONAL EXPERIENCE CONTINUED

---

**Marketing Automation Specialist****2025 – 2026***Near&Dear (formerly Moontide) · Freelance*

A full-service marketing and media agency serving national brands across health, automotive, and consumer products.

- Managed B2B (Pardot) and B2C (Klaviyo) email marketing for Moontide client Sente Labs, built automated workflows that increased open rates and engagement by approximately 20%.
- Redesigned email templates from image-based layouts to responsive HTML, improving deliverability and engagement.
- Partnered with development and project teams to build advanced abandoned-cart and behavioral-trigger campaigns, improving conversion optimization across the customer journey.

**Senior Creative Designer & Marketing Coordinator****2024***Zinnia*

An insurance technology company providing a modern platform for the life and annuity industry, streamlining how products are built, sold, and serviced. Joined following Zinnia's acquisition of Ebix's Life & Annuity division.

- Relaunched email marketing for the acquired Life & Annuity division in HubSpot, reconnecting with clients during the post-acquisition transition and driving an email campaign to a ~200,000-contact list promoting weekly sales webinars and demos, lifting leads by approximately 30%.
- Managed new-domain warm-up and deliverability strategy for the relaunched email program, ensuring successful inbox placement at scale.
- Collaborated with the creative team on brand system development, contributing photography and image usage standards across the division's collateral.
- Designed trade show booths, LinkedIn event promotion, and 6 product brochures to reestablish the Life & Annuity brand presence at industry conferences.

**Art Director & Senior Marketing Officer****2009 – 2024***Ebix, Inc.*

An insurance technology provider; the Life & Annuity division delivered end-to-end software for financial advisors and agencies, spanning product comparison, underwriting submission, and policy activation.

- Stepped into the lead creative role following the acquisition, redesigning the division's full collateral suite, refreshing brand messaging, designing trade show booths, and partnering with developers to modernize the web presence.
- Led branding and go-to-market creative for 40+ corporate events and industry conferences, partnering with the events team on theme and all creative deliverables.
- Drove email marketing campaigns for the company's CRM platform, targeting retail financial advisors as an entry point to unlock large enterprise accounts, contributing to pipeline acceleration and cross-sell opportunities.
- Led the UX redesign of the company's main product platform, wireframing the overhaul and coordinating rollout with development and product teams to improve the customer journey and adoption.

**Director of Multimedia****1994 – 2009***E-Z Data, Inc.*

A financial services software company providing a web-based CRM platform for financial advisors and insurance agencies to manage clients, products, and correspondence.

- Built the company's first web presence and digital content function, producing animated product presentations, streaming tutorials, and email marketing in collaboration with sales and development.
- Grew from customer service and sales into leadership of the company's multimedia and digital marketing.
